## ***Thomas Hobbes 1588-1679: Rassegna bibliografica***

### Introduzione

Una premessa è necessaria nel presentare questa bibliografia per sgombrare il campo da una qualsivoglia pretesa di totale completezza del lavoro.

Con la certezza che qualche indicazione comunque è sfuggita, o è stata, a torto, trascurata, l'obiettivo perseguito è stato solo quello di contribuire a fornire un agile strumento di ricerca per quanti siano interessati agli studi hobbesiani.

Aver scelto questo autore che si è occupato di argomenti così diversificati, ha reso il percorso intrapreso non sempre semplice e lineare per la mole di bibliografia esistente a riguardo: in questo repertorio perciò sono state accantonate volutamente, una serie di informazioni.

Sono state di proposito tralasciate le citazioni delle opere che possano rientrare nella categoria di manuali o sommari di Storia del pensiero politico, sono state escluse, allo stesso modo, le traduzioni delle opere di Hobbes, con qualche rara eccezione.

Sono state inserite le ristampe anastatiche, le bibliografie e le biografie, le tesi di laurea e di dottorato rintracciabili sull'argomento e quei lavori di taglio storico sociologico che mettono in relazione il pensiero politico del nostro autore con le vicende del suo tempo o con gli avvenimenti attuali oltre che le versioni in altra lingua di uno stesso testo.

Sono state altresì citate tutte le edizioni rinvenute di una stessa opera per i testi del '600, '700 e '800. Relativamente a questo arco temporale, è stata data notizia, nella sezione che raggruppa le opere cartacee, anche di quanto è stato rintracciato in formato digitale come microfilm, microfiche, o in rete, di seguito alla canonica citazione bibliografica.

Per quanto concerne poi la produzione del '900, si è deciso di inserire solo le copie aggiornate o rivedute di uno stesso lavoro o quelle riedite a distanza di almeno cinquant'anni.

Sono state raccolte e trascritte da parte in una sezione distinta, anche informazioni su lavori redatti in formato audio, video, elettronico oltre a quelle reperibili on line.

Per rendere identificabili poi, questi dati, è stato necessario aggiungere una serie di elementi quali ad esempio il conduttore del programma nel caso di trasmissioni radio televisive, o il produttore e il distributore per le video cassette, la tipologia e la modalità delle riproduzioni, e via discorrendo...

La ricerca arriva ai nostri giorni ed ogni unità proposta è corredata di indicazioni bibliografiche complete di autore, titolo, note editoriali e per gli articoli desunti da periodici italiani ed esteri, testata, anno, numero e pagine dello stralcio.

Le informazioni raccolte provengono da riviste<sup>1</sup>, spogli e repertori vari, ma

soprattutto da cataloghi di alcune significative biblioteche<sup>2</sup> o da data base raggiungibili in rete e collegati attraverso Internet.

I dati forniti, sono stati organizzati secondo un ordine cronologico, nell'ambito della sequenza, che comprende un insieme indifferenziato di testi ed uno stralcio da riviste o libri.

Nella presentazione dei dati è stata operata la scelta di non rendere ad ogni costo omogenee le singole unità bibliografiche, preferendo conservare la ricchezza dei dettagli ritrovati, là dove le schede catalografiche restituivano una maggiore consistenza di informazioni.
